Terms & Conditions

clearPATH Optinuity has an annual renewal subscription rate that will be due every year, beginning one year after the original subscription start date. The number of users and pricing details for the subscription are outlined below:

1-3 users: \$795.00/Year

Additional Users: \$150/year per user

If you require more than 5 additional users under your subscription, please contact our sales team at sales@betavest.com or by phone 866-972-5680 (M-5, 9am-5pm ET).

Each plan comes with options to pay monthly, quarterly, or annually. If you elect to pay in quarterly or monthly installments, your card will be charged automatically every month/quarter, until canceled. If you elect to pay annually, your subscription will not auto-renew and you will receive an invoice to renew your subscription prior to your expiration date. Any eligible discounts are only valid if paying annually.

Software is accessed online only upon purchase. There is no distribution of installation media required.

clearPATH Optinuity comes with a free 30-day trial. If you purchased a subscription during the first 30 days of your trial period and wish to cancel, you may receive a full refund. After the trial period is over, there will be no refunds issued for your subscription.

All subscription renewals are non-refundable.
